Don't be moving
Body shape ride

Imma tryna take time
(Slow motion)
(Slow motion)
(Slow motion)

Kiss it steady
Don't be moving
Body shape ride
(Slow motion)
Imma tryna take time
(Slow motion)

Trop facile hein? Vous vouliez
charter encore?
Encore une fois?

Yes, yes, yes
I just wanna know
It's not just your body
I like your soul too...
I want this for so long time
Don't want this for a week
Steady pan my girl
Want you stay with me?
Yeah, you got that something
I just wanna know
Yeah, you got that something
Yeah, you got that something
Yeah, you got that something
Something, something, something

I'm thinking bout the times we had
Knowing that you got me sad
I can't keep you off my mind
I wanted to be that guy
Thinking bout the times we had
Knowing that you got me sad
Yeah you know got me sad
Yeah you know, uh

Baby girl when I'm thinking of you I'm
thinking of the times that we spent
together
Baby girl when I'm thinking of you I'm
thinking about the chance that it be
forever
But you left me cold through November
Insult to injury December
I tried to fight for you, do you
remember?
You said word for word that we are
still together
Looking through the times and I be
asking how?
How did I fight for your love baby why?
I wanna go back
I cannot go back
I gotta leave that
Dooo

I'm thinking bout the times we had
Knowing that you got me sad
I can't keep you off my mind
I wanted to be that guy
Thinking bout the times we had
Knowing that you got me sad
Yeah you know got me sad
Yeah you know, uh

I feel like I ain't do no much better
So much better
Just like nothing
Like a fresh better, oh
Know you fucked up on me
Wasn't gonna see alone
Scratched up from the old one, now I'm in my zone
Thank me for granted
Be on, have believe now

Don't tell me no lies
I can see right through the flames
You set me on fire
Give me a reason not to change
Don't tell me no lies
I can only see right through the flames

I meet you disguised, we are
I set this old self on fire
Watch it burn
The flames wash over me,
leaving the pieces to the wind
I am this new breeze
Take me in as I flow over
The night sets
I set me on fire, like the old
One, I'm here to rest
From here I will grow to be
the man I am meant to
be a fully formed lover.

Don't you know you was my first one
Everything you did has been done
Feeling I should be outside
If you were around I would be outside
Probably, been up, nothing hurts
I like your song and your player too
Probably, been up, nothing hurts
We could still though on that one

You're still running through my mind
I'm stuck in paradise
I'm stuck in paradise
You're still running through my mind
I'm stuck in paradise

I wanna make you work
I wanna see you smile
I wanna build you up
I wanna take you down
Give you the love
You know I will handle

You're still running through my eyes
Just like the sunset
I type of beauty I can't deny
I could stay forever with you here
You're like the sun on my skin
We could stay
We could stay forever in this moment
You're the one and I wanna be holding you

You're still running through my mind
I'm stuck in paradise
You're still running through my mind
I'm stuck in paradise
You're still running through my mind
I'm stuck in paradise

I don't think I can do this anymore
You have like a certain lifestyle
I can't adapt to it
I mean, what about those other girls you're
always around? They're all pretty, too
Nah, it's just that I don't trust you.
It's just I don't wanna do this, not this way

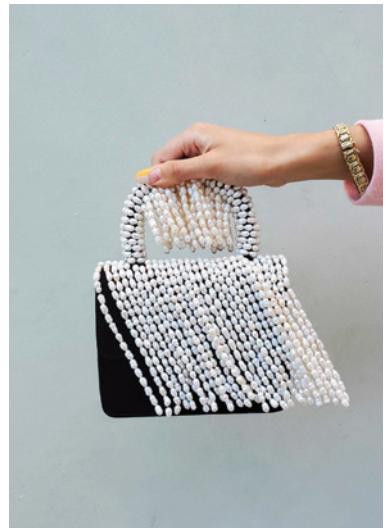

No, No Party is on my side
And you might be going to dance
All these pictures stir emotions
Our bodies in slow motion
We said we didn't wanna go this deep
You're so scared to call me for me
I know, like, the fucking world will stop
But... it was love and now it's all over

Take it off, it's alright
Figure out just what we need
I can give you everything
If you take your time with me
I can give you everything
Please just what we need
I can give you all my love
If you take your time with me

Take it off, it's alright
I can give you everything
If you take your time with me
Take it off, it's alright
I can give you everything
If you take your time with me
